Ok. This was prepared as technical assistance info for the responding agencies as they continue to address the incident and not really current "guidance" for the public. However, I understand the response agencies' interest in being open and transparent with the public about our communications with them. Lora

Hi Jeff,

I'm not aware of an agency issued press release today about a fire in in Parkersburg, WV; at least from DCHI.

I'm including our Regional Director (Region 3), in this email chain for her awareness.

Lora – do you know if another federal, state, or local agencies has issued such a release.

Thanks,

Loretta Asbury

Hi Loretta,

We got a call from a Parkersburg TV station regarding a release we supposedly sent out regarding a fire in Parkersburg, WV. I think it's actually an EPA release, but nothing is showing up. Do you know anything about this? See the Huffpo link below for more info

I can't find anything. Can you please send to Loretta to see if she knows anything about it?

I did a general Parkerburg fire search and found this item. It looks to be an EPA issue, however. I'm not sure why we got called on this.

Me either. I looked for EPA and don't think they did one either.

A reporter from a TV station in Parkersburg, WV just called to try and get an interview with someone regarding the news release we just sent out on the Parkersburg fire. He would like to get someone by 5:00 today. I asked him to send us an e-mail request
